ANNEXES AND PROTOCOLS
TO THE EU-ARMENIA COMPREHENSIVE
AND ENHANCED PARTNERSHIP AGREEMENT
The Republic of Armenia undertakes to gradually approximate its legislation to the following legislation of the European Union and international instruments within the stipulated timeframes.

Road transport

Technical conditions

**Timetable:** the provisions of Directive 92/6/EEC shall be implemented within 5 years of the entry into force of this Agreement.

Council Directive 96/53/EC of 25 July 1996 laying down for certain road vehicles circulating within the Community the maximum authorised dimensions in national and international traffic and the maximum authorised weights in international traffic, as amended

**Timetable:** the provisions of Directive 96/53/EC shall be implemented 2 years after the entry into force of this Agreement.

The amendments introduced by Directive (EU) 2015/719 shall apply from 7 May 2017

Timetable: the provisions of Directive (EU) 2015/719 shall be implemented within 3 years of the entry into force of the Agreement.

Timetable: the provisions of Directive 2014/47/EU shall be implemented within 4 years of the entry into force of this Agreement.

Timetable: the provisions of Directive 2009/40/EC shall be implemented within 4 years of the entry into force of this Agreement.

Timetable: the provisions of Directive 2014/45/EU shall be implemented within 4 years of the entry into force of this Agreement.

Timetable: the provisions of Directive 2000/30/EC shall be implemented within 2 years of the entry into force of this Agreement.

Safety conditions

- Introduction of the driving licence categories (Article 4)
- Conditions for issuing the driving licence (Article 4, 5, 6 and 7 and Annex III)
- Requirements for driving tests (Annex II)
Timetable: those provisions of Directive 2006/126/EC shall be implemented within 1 year of the entry into force of this Agreement.

Timetable: the provisions of Directives 2008/68/EC, 95/50/EC and 2010/35/EU shall be implemented within 4 years of the entry into force of this Agreement (8 years for railway).

Social conditions

Timetable: the provisions of Regulation (EEC) No 3821/85 will refer only to international transport and shall be implemented within 2 years of the entry into force of this Agreement.

Timetable: the provisions of Regulation (EC) No 561/2006 shall be implemented within 2 years of the entry into force of this Agreement.

Timetable: the provisions of Regulation (EU) No 165/2014 on international transportation shall be implemented within 3 years of the entry into force of this Agreement.

Timetable: the provisions of Directive 2006/22/EC shall be implemented within 2 years of the entry into force of this Agreement to what refers to International transportation.

Timetable: the provisions of Regulation (EC) No 1071/2009 - Articles 3, 4, 5, 6, 7 (without the monetary value of the financial standing), Article 8 and Articles 10, 11, 12, 13, 14, 15 and Annex I to that Regulation shall be implemented within 8 years of the entry into force of this Agreement.

Timetable: the provisions of Directive 2002/15/EC shall be implemented within 2 years of the entry into force of this Agreement.

Timetable: the provisions of Directive 2003/59/EC shall be implemented within 2 years of the entry into force of this Agreement.
Fiscal conditions

Timetable: the provisions of Directives 1999/62/EC, 2004/52/EC, 2004/54/EC and 2008/96/EC shall be implemented within 2 years of the entry into force of this Agreement.

Railway transport

Market and infrastructure access

The following provisions of that Directive shall apply:

- Introduction of management independence and improvement of the financial situation
- Separation between infrastructure management and transport operations
- Introduction of licences

Timetable: those provisions of Directive 2012/34/EU shall be implemented within 3 years of the entry into force of this Agreement.

Timetable: the Partnership Council will decide upon timetable for the implementation of the provisions of Regulation (EU) No 913/2010 within 2 years of the entry into force of this Agreement.

Technical and safety conditions, interoperability

Timetable: the provisions of Directive 2004/49/EC shall be implemented within 5 years of the entry into force of this Agreement.

Timetable: the provisions of Directive 2007/59/EC shall be implemented within 3 years of the entry into force of this Agreement.

Timetable: the provisions of Directive 2008/57/EC shall be implemented within 6 years of the entry into force of this Agreement.

Timetable: the provisions of Regulation (EC) 1370/2007 shall be implemented within 2 years of the entry into force of this Agreement.

Timetable: the provisions of Regulation (EC) 1371/2007 shall be implemented within 2 years of the entry into force of this Agreement.

Combined transport

Timetable: the provisions of Directive 92/106/EEC shall be implemented within 3 years of the entry into force of this Agreement.

Air transport

– Conclude and implement a comprehensive Common Aviation Area Agreement.

– Without prejudice to the conclusion of the Common Aviation Area Agreement, ensure implementation and coordinated development of bilateral air services agreements between the Republic of Armenia and EU-Member States, as amended by the "horizontal agreement".

Maritime transport

Maritime safety – Flag state / classification societies

Timetable: the provisions of Directive 2009/15/EC shall be implemented within 5 years of the entry into force of this Agreement.

Timetable: the provisions of Regulation (EC) No 391/2009 shall be implemented within 5 years of the entry into force of this Agreement.

Timetable: the provisions of Directive 2013/54/EU shall be implemented within 5 years of the entry into force of this Agreement.

Timetable: the provisions of Regulation (EU) No 788/2014 shall be implemented within 5 years of the entry into force of this Agreement.

Timetable: the provisions of Regulation (EC) No 789/2004 shall be implemented within 5 years of the entry into force of this Agreement.

Flag State

Timetable: the provisions of Directive 2009/21/EC shall be implemented within 5 years of the entry into force of this Agreement.

Port State

Timetable: the provisions of Directive 2009/16/EC shall be implemented within 5 years of the entry into force of this Agreement.

Timetable: the provisions of Regulation (EU) No 428/2010 shall be implemented within 5 years of the entry into force of this Agreement.

Timetable: the provisions of Regulation (EU) No 801/2010 shall be implemented within 5 years of the entry into force of this Agreement.

Timetable: the provisions of Regulation (EU) No 802/2010 shall be implemented within 5 years of the entry into force of this Agreement.

Commission Directive 96/40/EC of 25 June 1996 establishing a common model for an identity card for inspectors carrying out port State control

Timetable: the provisions of Directive 96/40/EC shall be implemented within 5 years of the entry into force of this Agreement.
Accident investigation

Timetable: the provisions of Directive 2009/18/EC shall be implemented within 5 years of the entry into force of this Agreement.

Timetable: the provisions of Regulation (EU) No 651/2011 shall be implemented within 5 years of the entry into force of this Agreement.

Timetable: the provisions of Regulation (EU) No 1286/2011 shall be implemented within 5 years of the entry into force of this Agreement.
Liability and insurance

Timetable: the provisions of Regulation (EC) No 392/2009 shall be implemented within 5 years of the entry into force of this Agreement.

Timetable: the provisions of Directive 2009/20/EC shall be implemented within 5 years of the entry into force of this Agreement.

Timetable: the provisions of Regulation (EC) No 336/2006 shall be implemented within 5 years of the entry into force of this Agreement.

Passenger ships

Timetable: the provisions of Directive 2009/45/EC shall be implemented within 5 years of the entry into force of this Agreement.

Timetable: the provisions of Directive 2003/25/EC shall be implemented within 5 years of the entry into force of this Agreement.

Council Directive 1999/35/EC of 29 April 1999 on a system of mandatory surveys for the safe operation of regular ro-ro ferry and high-speed passenger craft services, as amended

Timetable: the provisions of Directive 1999/35/EC shall be implemented within 5 years of the entry into force of this Agreement.

Council Directive 98/41/EC of 18 June 1998 on the registration of persons sailing on board passenger ships operating to or from ports of the Member States of the Community

Timetable: the provisions of Directive 98/41/EC shall be implemented within 5 years of the entry into force of this Agreement.

Vessel traffic monitoring and reporting formalities

Timetable: the provisions of Directive 2002/59/EC shall be implemented within 5 years of the entry into force of this Agreement.

Timetable: the provisions of Directive 2010/65/EU shall be implemented within 5 years of the entry into force of this Agreement.

Technical safety requirements

Regulation (EU) No 530/2012 of the European Parliament and of the Council of 13 June 2012 on the accelerated phasing-in of double hull or equivalent design requirements for single hull oil tankers

Timetable of phasing-out single hull tankers will follow the schedule as specified in the MARPOL Convention

Timetable: the provisions of Directive 2014/90/EU shall be implemented within 5 years of the entry into force of this Agreement.

Timetable: the provisions of Directive 2001/96/EC shall be implemented within 5 years of the entry into force of this Agreement.

Council Regulation (EC) No 2978/94 of 21 November 1994 on the implementation of IMO resolution A.747(18) on the application of tonnage measurement of ballast spaces in segregated ballast oil tankers, as amended

Timetable: the provisions of Regulation (EC) No 2978/94 shall be implemented within 5 years of the entry into force of this Agreement.

Council Directive 97/70/EC of 11 December 1997 setting up a harmonised safety regime for fishing vessels of 24 metres in length and over, as amended

Timetable: the provisions of Directive 97/70/EC shall be implemented within 5 years of the entry into force of this Agreement.

Crew

Timetable: the provisions of Directive 2008/106/EC shall be implemented within 5 years of the entry into force of this Agreement.

Timetable: the provisions of Directive 2005/45/EC shall be implemented within 5 years of the entry into force of this Agreement.

Timetable: the provisions of Directive 79/115/EEC shall be implemented within 5 years of the entry into force of this Agreement.

Environment

Timetable: the provisions of Regulation (EC) No 782/2003 shall be implemented within 5 years of the entry into force of this Agreement.

Timetable: the provisions of Regulation (EC) No 536/2008 shall be implemented within 5 years of the entry into force of this Agreement.

Timetable: the provisions of Directive 2000/59/EC shall be implemented within 5 years of the entry into force of this Agreement.

Timetable: the provisions of Directive 2005/35/EC shall be implemented within 5 years of the entry into force of this Agreement.

Timetable: the provisions of Regulation (EU) No 911/2014 shall be implemented within 5 years of the entry into force of this Agreement.

Timetable: the provisions of Directive 1999/32/EC shall be implemented within 5 years of the entry into force of this Agreement.

Timetable: the provisions of Regulation (EU) 2015/757 shall be implemented within 5 years of the entry into force of this Agreement.

Timetable: the provisions of Regulation (EU) No 1257/2013 shall be implemented within 5 years of the entry into force of this Agreement.

European Maritime Safety Agency and Committee on Safe Seas and the Prevention of Pollution from Ships

Timetable: the provisions of Regulation (EU) 2016/1625 shall be implemented within 5 years of the entry into force of this Agreement.

Regulation (EC) No 2099/2002 of the European Parliament and of the Council of 5 November 2002 establishing a Committee on Safe Seas and the Prevention of Pollution from Ships (COSS) and amending the Regulations on maritime safety and the prevention of pollution from ships, as amended

Timetable: the provisions of Regulation (EC) No 2099/2002 shall be implemented within 5 years of the entry into force of this Agreement.

Social conditions

Timetable: the provisions of Directive 92/29/EEC shall be implemented within 5 years of the entry into force of this Agreement.

Timetable: the provisions of Directive 1999/63/EC shall be implemented within 5 years of the entry into force of this Agreement.

Directive 1999/95/EC of the European Parliament and of the Council of 13 December 1999 concerning the enforcement of provisions in respect of seafarers' hours of work on board ships calling at Community ports

Timetable: the provisions of Directive 1999/95/EC shall be implemented within 5 years of the entry into force of this Agreement.
ANNEX II

to CHAPTER 2: ENERGY of TITLE V: OTHER COOPERATION POLICIES

The Republic of Armenia undertakes to gradually approximate its legislation to the following legislation of the European Union within the stipulated timeframes.

Electricity

Timetable: the provisions of Directive 2009/72/EC shall be implemented within 8 years of the entry into force of this Agreement.

However, in the case of Articles 3, 6, 13, 15, 33 and 38, the Partnership Council will set, in due course, a specific timeline for implementation.

The Partnership Council will set in due course a specific timeline for the implementation of Regulation (EC) No 714/2009.

Timetable: the provisions of Directive 2005/89/EC shall be implemented within 6 years of the entry into force of this Agreement.

Oil

Council Directive 2009/119/EC of 14 September 2009 imposing an obligation on Member States to maintain minimum stocks of crude oil and/or petroleum products

Timetable: the provisions of Directive 2009/119/EC shall be implemented within 5 years of the entry into force of this Agreement.

Infrastructure

Timetable: the provisions of Regulation (EU) No 256/2014 shall be implemented within 3 years of the entry into force of this Agreement.

Implementing Regulation:

Timetable: the provisions of Implementing Regulation (EU) No 1113/2014 shall be implemented within 3 years of the entry into force of this Agreement.

Prospection and exploration of hydrocarbons

Timetable: the provisions of Directive 94/22/EC shall be implemented within 3 years of the entry into force of this Agreement.

Energy efficiency

Timetable: the provisions of Directive 2012/27/EU shall be implemented within 4 years of the entry into force of this Agreement.

---

1 Elements of Article 4 that are relevant to the energy proposals in the FTA negotiations will be discussed in the context of those negotiations. If necessary reservations are identified, these will be reflected in this Annex.
Implementing Regulation:

| Timetable: the provisions of Delegated Regulation (EU) 2015/2402 shall be implemented within 5 years of the entry into force of this Agreement. |

| Timetable: the provisions of Directive 2010/31/EU shall be implemented within 5 years of the entry into force of this Agreement. |

Implementing Regulation:

Timetable: the provisions of Delegated Regulation (EU) No 244/2012 shall be implemented within 5 years of the entry into force of this Agreement.

Timetable: the provisions of Directive 2009/33/EC shall be implemented within 8 years of the entry into force of this Agreement.

Timetable: the provisions of Directive 2009/125/EC shall be implemented within 5 years of the entry into force of this Agreement.
Implementing Directives/Regulations:

Timetable: the provisions of Regulation (EC) No 643/2009 shall be implemented within 6 years of the entry into force of this Agreement.

EU/AM/Annex II/en 7
Timetable: the provisions of Regulation (EC) No 642/2009 shall be implemented within 6 years of the entry into force of this Agreement.

Timetable: the provisions of Regulation (EU) No 1015/2010 shall be implemented within 6 years of the entry into force of this Agreement.

Timetable: the provisions of Regulation (EU) No 1016/2010 shall be implemented within 6 years of the entry into force of this Agreement.

– Commission Regulation (EC) No 859/2009 of 18 September 2009 amending Regulation (EC) No 244/2009 as regards the ecodesign requirements on ultraviolet radiation of non-directional household lamps

– Commission Regulation (EU) No 347/2010 of 21 April 2010 amending Commission Regulation (EC) No 245/2009 as regards the ecodesign requirements for fluorescent lamps without integrated ballast, for high intensity discharge lamps, and for ballasts and luminaires able to operate such lamps

The Partnership Council will regularly assess the possibility of setting specific timelines for the implementation of those Regulations and Directive.

Directive 2010/30/EU of the European Parliament and of the Council of 19 May 2010 on the indication by labelling and standard product information of the consumption of energy and other resources by energy-related products
Timetable: the provisions of Directive 2010/30/EU shall be implemented within 4 years of the entry into force of this Agreement.

Implementing Directives/Regulations:

Timetable: the provisions of Directive 96/60/EC shall be implemented within 7 years of the entry into force of this Agreement.

Timetable: the provisions of Delegated Regulation (EU) No 1059/2010 shall be implemented within 6 years of the entry into force of this Agreement.

Timetable: the provisions of Delegated Regulation (EU) No 1060/2010 shall be implemented within 6 years of the entry into force of this Agreement.

**Timetable:** the provisions of Delegated Regulation (EU) No 1061/2010 shall be implemented within 6 years of the entry into force of this Agreement.

**Timetable:** the provisions of Delegated Regulation (EU) No 1062/2010 shall be implemented within 6 years of the entry into force of this Agreement.

**Timetable:** the provisions of Delegated Regulation (EU) No 626/2011 shall be implemented within 7 years of the entry into force of this Agreement.

The Partnership Council will regularly assess the possibility of setting specific timelines for the implementation of those Regulations.

- Commission Decision 2014/202/EU of 20 March 2014 determining the European Union position for a decision of the Management entities under the Agreement between the Government of the United States of America and the European Union on the coordination of energy-efficiency labelling programmes for office equipment adding specifications for computer servers and uninterruptible power supplies to Annex C to the Agreement and on the revision of specifications for displays and imaging equipment included in Annex C to the Agreement

- Commission Decision (EU) 2015/1402 of 15 July 2015 determining the European Union position with regard to a decision of the management entities under the Agreement between the Government of the United States of America and the European Union on the coordination of energy-efficiency labelling programmes for office equipment on the revision of specifications for computers included in Annex C to the Agreement

Renewable energy

Timetable: the provisions of Directive 2009/28/EC shall be implemented within 6 years of the entry into force of this Agreement.
Nuclear

Timetable: the provisions of Directive 2006/117/Euratom shall be implemented within 5 years of the entry into force of this Agreement.

Timetable: the provisions of Directive 2009/71/Euratom shall be implemented within 4 years of the entry into force of this Agreement.

Timetable: the provisions of the Directive 2011/70/Euratom shall be implemented within 4 years of the entry into force of this Agreement.

Timetable: the provisions of Directive 2013/51/Euratom shall be implemented within 5 years of the entry into force of this Agreement.

Timetable: the provisions of Directive 2013/59/Euratom shall be implemented within 5 years of the entry into force of this Agreement.
The Republic of Armenia undertakes to gradually approximate its legislation to the following legislation of the European Union and international instruments within the stipulated timeframes.

Environmental governance and integration of environment into other policy areas

The following provisions of that Directive shall apply:

- Adoption of national legislation and designation of competent authority/ies

- Establishment of requirements that Annex I of that Directive projects to be subject to environmental impact assessment and of a procedure to decide which Annex II of that Directive projects require environmental impact assessments (Article 4)

- Determination of the scope of the information to be provided by the developer (Article 5)

- Establishment of a procedure for consultation with environmental authorities and a public consultation procedure (Article 6)
– Establishment of arrangements for exchange of information and consultation with Member States whose environment is likely to be significantly affected by a project (Article 7)

– Establishment of measures for notifying the public of the outcome of decisions on applications for development consent (Article 9)

– Establishment of effective, not prohibitively expensive and timely review procedures at administrative and judicial level involving the public and NGOs (Article 11)

Timetable: those provisions of Directive 2011/92/EU shall be implemented within 2 years of the entry into force of this Agreement.

The following provisions of that Directive shall apply:

– Adoption of national legislation and designation of competent authority/ies

– Establishment of a procedure to decide which plans or programmes require strategic environmental assessment and of requirement that plans or programmes for which strategic environmental assessment is mandatory be subject to such an assessment (Article 3)

– Establishment of a procedure for consultation with environmental authorities and a public consultation procedure (Article 6)
– Establishment of arrangements for exchange of information and consultation with Member States whose environment is likely to be significantly affected by a plan or programme (Article 7)

Timetable: those provisions of Directive 2001/42/EC shall be implemented within 3 years of the entry into force of this Agreement.

The following provisions of that Directive shall apply:

– Adoption of national legislation and designation of competent authority/ies

– Setting up of practical arrangements under which environmental information is made available to the public and the applicable exceptions (Articles 3 and 4)

– Ensuring that public authorities make environmental information available to the public (Article 3(1))

– Establishment of procedures to review of decisions not to supply environmental information or to supply only partial information (Article 6)

– Establishment of a system for disseminating environmental information to the public (Article 7)
Timetable: those provisions of Directive 2003/4/EC shall be implemented within 2 years of the entry into force of this Agreement.

The following provisions of that Directive shall apply:

– Adoption of national legislation and designation of competent authority/ies

– Establishment of a mechanism for providing the public with information (Articles 2(2)(a) and 2(2)(d))

– Establishment of a mechanism for public consultation (Articles 2(2)(b) and 2(3))

– Establishment of a mechanism for public comments and opinions to be taken into account in the decision-making process (Article 2(2)(c))

– Guaranteeing effective, timely and not prohibitively expensive access to justice at administrative and judicial level in these procedures for the public (including NGOs) (Article 3(7) and Article 4(4), environmental impact assessment and integrated pollution prevention and control)

The following provisions of Directive 2004/35/EC shall apply:

- Adoption of national legislation and designation of competent authorities

- Establishment of rules and procedures aimed at preventing and remedying of damage to the environment (water, land, protected species and natural habitats) based on the polluter-pays principle (Articles 5, 6 and 7, Annex II)

- Establishment of strict liability for dangerous occupational activities (Article 3(1) and Annex III)
– Establishment of obligations for operators to take the necessary prevention and remediation measures including liability for costs (Articles 5, 6, 7, 8, 9 and 10)

| Timetable: those provisions of Directive 2004/35/EC shall be implemented within 7 years of the entry into force of this Agreement. |

– Establishment of mechanisms for affected persons, including environmental NGOs, to request action by competent authorities in the case of environmental damage, including independent review (Articles 12 and 13)

| Timetable: those provisions of Directive 2004/35/EC shall be implemented within 5 years of the entry into force of this Agreement. |

Air quality

The following provisions of that Directive shall apply:

– Adoption of national legislation and designation of competent authority/ies

| Timetable: those provisions of Directive 2008/50/EC shall be implemented within 4 years of the entry into force of this Agreement. |
- Establishment and classification of zones and agglomerations (Articles 4 and 5)

| Timetable: those provisions of Directive 2008/50/EC shall be implemented within 7 years of the entry into force of this Agreement. |

- Establishment of upper and lower assessment thresholds and limit values (Article 5 and 13)

| Timetable: those provisions of Directive 2008/50/EC shall be implemented within 7 years of the entry into force of this Agreement. |

- Establishment of a system for assessing ambient air quality in relation to air pollutants (Articles 5, 6 and 9)

| Timetable: those provisions of Directive 2008/50/EC shall be implemented within 8 years of the entry into force of this Agreement. |

- Establishment of air quality plans for zones and agglomerations where levels of pollutants exceed limit value/target value (Article 23)

| Timetable: those provisions of Directive 2008/50/EC shall be implemented within 8 years of the entry into force of this Agreement. |

- Establishment of short-term action plans for zones and agglomerations in which there is a risk that alert thresholds will be exceeded (Article 24)
Timetable: those provisions of Directive 2008/50/EC shall be implemented within 8 years of the entry into force of this Agreement.

- Establishment of a system to provide information to the public (Article 26)

Timetable: those provisions of Directive 2008/50/EC shall be implemented within 6 years of the entry into force of this Agreement.

The following provisions of that Directive shall apply:

- Adoption of national legislation and designation of competent authority/ies

Timetable: those provisions of Directive 2004/107/EC shall be implemented within 5 years of the entry into force of this Agreement.

- Establishment of upper and lower assessment thresholds (Article 4(6)) and target values (Article 3)

Timetable: those provisions of Directive 2004/107/EC shall be implemented within 6 years of the entry into force of this Agreement.
– Establishment and classification of zones and agglomerations (Articles 3 and 4(6))

Timetable: those provisions of Directive 2004/107/EC shall be implemented within 6 years of the entry into force of this Agreement.

– Establishment of a system for assessing ambient air quality in relation to air pollutants (Article 4)

Timetable: those provisions of Directive 2004/107/EC shall be implemented within 8 years of the entry into force of this Agreement.

– Taking measures in order to maintain/improve air quality in respect of the relevant pollutants (Article 3)

Timetable: those provisions of Directive 2004/107/EC shall be implemented within 8 years of the entry into force of this Agreement.

The following provisions of that Directive shall apply:

– Adoption of national legislation and designation of competent authority/ies

– Establishment of an effective fuel sampling system and appropriate analytical methods of analysis to determine the sulphur content (Article 6)
– Prohibition of use of heavy fuel oil and gas oil for land based applications with a sulphur content greater than established limit values (Article 3(1) – unless exceptions apply as in Article 3(2) – and 4(1))

Timetable: those provisions of Directive 1999/32/EC shall be implemented within 2 years of the entry into force of this Agreement.

The following provisions of that Directive shall apply:

– Adoption of national legislation and designation of competent authority/ies

– Identifying all terminals for storing and loading petrol (Article 2)

– Establishment of technical measures to reduce loss of petrol from storage installations at terminals and service stations and during loading/unloading mobile containers at terminals (Article 3, 4 and 6 and Annex III)

– Requiring all road tanker loading gantries and mobile containers to meet the requirements (Article 4 and 5)

Timetable: those provisions of Directive 94/63/EC shall be implemented within 8 years of the entry into force of this Agreement.

The following provisions of that Directive shall apply:

– Adoption of national legislation and designation of competent authority/ies

– Setting up maximum VOC content limit values for paints and varnishes (Article 3 and Annex II)

– Establishment of requirements ensuring labelling of products placed on the market and placing on the market of products complying with relevant requirements (Article 3 and 4)

Timetable: those provisions of Directive 2004/42/EC shall be implemented within 5 years of the entry into force of this Agreement.

Water quality and resource management

The following provisions of that Directive shall apply:

– Adoption of national legislation and designation of competent authority/ies
– Identification of river basin districts and appropriate coordination for the preservation of
  international rivers, lakes and coastal waters (Article 3(1)- 3(7))

– Analysis of the characteristics of river basin districts (Article 5)

– Establishment of programmes for monitoring water quality (Article 8)

– Preparation of river basin management plans, consultations with the public and publication of
  these plans (Articles 13 and 14)

Timetable: those provisions of Directive 2000/60/EC shall be implemented within 5 years of the
entry into force of this Agreement.

assessment and management of flood risks

The following provisions of that Directive shall apply:

– Adoption of national legislation and designation of competent authority/ies

– Undertaking preliminary flood assessment (Articles 4 and 5)

– Preparation of flood hazards maps and flood risks maps (Article 6)

– Establishment of flood risk management plans (Article 7)

The following provisions of that Directive shall apply:

– Adoption of national legislation and designation of competent authority/ies

– Assessment of the status of urban waste water collection and treatment

– Identification of sensitive areas and agglomerations (Article 5(1) and Annex II)

The following provisions of that Directive shall apply:

– Adoption of national legislation and designation of competent authority/ies

– Establishment of standards for drinking water (Articles 4 and 5)

– Establishment of a monitoring system (Articles 6 and 7)

– Establishment of a mechanism to provide information to consumers (Article 13)

Timetable: those provisions of Directive 98/83/EC shall be implemented within 4 years of the entry into force of this Agreement.

The following provisions of that Directive shall apply:

– Adoption of national legislation and designation of competent authority/ies

– Establishment of monitoring programmes (Article 6)

– Identification of polluted waters or waters at risk and designation of nitrate vulnerable zones (Article 3)
Timetable: those provisions of Directive 91/676/EEC shall be implemented within 4 years of the entry into force of this Agreement.

- Establishment of action plans and codes of good agricultural practices for nitrate vulnerable zones (Articles 4 and 5)

Timetable: those provisions of Directive 91/676/EEC shall be implemented within 8 years of the entry into force of this Agreement.

Waste management

The following provisions of that Directive shall apply:

- Adoption of national legislation and designation of competent authority/ies

- Preparation of waste management plans in line with the five-step waste hierarchy and of waste prevention programmes (Chapter V)

Timetable: those provisions of Directive 2008/98/EC shall be implemented within 4 years of the entry into force of this Agreement.

- Establishment of full cost recovery mechanism in accordance with the polluter pays principle and extended producer responsibility principle (Article 14)

The following provisions of that Directive shall apply:

– Adoption of national legislation and designation of competent authority/ies

– Classification of landfill sites (Article 4)

– Preparation of a national strategy reducing the amount of biodegradable municipal waste going to landfill (Article 5)

– Establishment of an application and permit system and of waste acceptance procedures (Articles 5 to 7, 11, 12 and 14)
- Establishment of control and monitoring procedures in the operation phase of landfills and of closure and after-care procedures for landfills to be disaffected (Articles 12 and 13)

Timetable: those provisions of that Directive shall be implemented within 3 years of the entry into force of this Agreement.

- Establishment of conditioning plans for existing landfill sites (Article 14)

Timetable: those provisions of Directive 1999/31/EC shall be implemented within 6 years of the entry into force of this Agreement.

- Establishment of a costing mechanism (Article 10)

Timetable: those provisions of Directive 1999/31/EC shall be implemented within 3 years of the entry into force of this Agreement.

- Ensuring the relevant waste is subject to treatment before landfilling (Article 6)

Timetable: those provisions of Directive 1999/31/EC shall be implemented within 6 years of the entry into force of this Agreement.

The following provisions of that Directive shall apply:

– Adoption of national legislation and designation of competent authority/ies

– Establishment of a system to ensure that operators draw up waste management plans (identification and classification of waste facilities; characterisation of the waste) (Articles 4 and 9)

Timetable: those provisions of Directive 2006/21/EC shall be implemented within 4 years of the entry into force of this Agreement.

– Establishment of a permit system, of financial guarantees and of an inspection system (Articles 7, 14 and 17)

Timetable: those provisions of Directive 2006/21/EC shall be implemented within 8 years of the entry into force of this Agreement.

– Establishment of procedures for the management and monitoring of excavation voids (Article 10)

– Establishment of closure and after-closure procedures for mining waste facilities (Article 12)

– Drawing up an inventory of closed mining waste facilities (Article 20)

Timetable: those provisions of Directive 2006/21/EC shall be implemented within 6 years of the entry into force of this Agreement.
Nature protection

The following provisions of that Directive shall apply:

- Adoption of national legislation and designation of competent authority/ies

- Assessment of bird species requiring special conservation measures and regularly occurring migratory species

- Identification and designation of special protection areas for bird species (Article 4(1) and (4))

- Establishment of special conservation measures to protect regularly occurring migratory species (Article 4(2))

**Timetable:** those provisions of Directive 2009/147/EC shall be implemented within 4 years of the entry into force of this Agreement.

- Establishment of a general system of protection for all wild bird species of which the hunted species are a special subset and prohibition of certain types of capture/killing (Articles 5, 6(1), 6(2) and 8)

**Timetable:** those provisions of Directive 2009/147/EC shall be implemented within 5 years of the entry into force of this Agreement.

The following provisions of that Directive shall apply:

- Adoption of national legislation and designation of competent authority/ies

- Preparation of inventory of sites, designation of these sites and establish priorities for their management (including completion of the inventory of potential Emerald sites and establishment of protection and management measures for these sites) (Article 4)

- Establishment of measures required for the conservation of such sites, including co-financing (Articles 6 and 8)

Timetable: those provisions of Directive 92/43/EC shall be implemented within 6 years of the entry into force of this Agreement.

- Establishment of a system to monitor conservation status of habitats and species (Article 11)

- Establishment of a strict species protection regime for species listed in Annex IV as relevant for the Republic of Armenia (Article 12)

Timetable: those provisions of Directive 92/43/EC shall be implemented within 7 years of the entry into force of this Agreement.
– Establishment of a mechanism to promote education and general information to the public (Article 22)

Timetable: those provisions of Directive 92/43/EC shall be implemented within 6 years of the entry into force of this Agreement.

Industrial pollution and industrial hazards

The following provisions of that Directive shall apply:

– Adoption of national legislation and designation of competent authority/ies

Timetable: those provisions of Directive 2010/75/EU shall be implemented within 4 years of the entry into force of this Agreement.

– Identification of installations that require a permit (Annex I)

– Establishment of an integrated permit system (Articles 4 to 6, 12, 21 and 24, and Annex IV)

– Establishment of a compliance monitoring mechanism (Articles 8, 14(l)(d) and 23(1))

Timetable: those provisions of Directive 2010/75/EU shall be implemented within 6 years of the entry into force of this Agreement.
– Implementation of best available techniques (BAT) taking into account the BAT conclusions of the Best Available Techniques Reference Documents (Articles 14(3) to (6) and 15(2) to (4))

– Establishment of emission limit values for combustion plants (Article 30 and Annex V)

– Preparation of programmes to reduce total annual emissions from existing plants (optional to setting emission limit values for existing plants) (Article 32)

Timetable: those provisions of Directive 2010/75/EU shall be implemented within 6 years of the entry into force of this Agreement for new installations and within 13 years of the entry into force of this Agreement for existing installations.

The following provisions of that Directive shall apply:

– Adoption of national legislation and designation of competent authority/ies

– Establishment of effective coordination mechanisms between relevant authorities

– Establishment of systems for recording information about relevant installations and for reporting on major accidents (Articles 14 and 16)
Timetable: those provisions of Directive 2012/18/EU shall be implemented within 4 years of the entry into force of this Agreement.

Chemicals management

The following provisions of that Regulation shall apply:

- Implementation of the export notification procedure (Article 8)
- Implementation of procedures for handling of export notifications received from other countries (Article 9)
- Setting up of procedures for drafting and submission of notifications of final regulatory action (Article 11)
- Setting up of procedures for drafting and submission of import decisions (Article 13)
- Implementation of the PIC procedure for the export of certain chemicals, in particular those listed in Annex III to the Rotterdam Convention (Article 14)
- Implementation of the labelling and packaging requirements for exported chemicals (Article 17)
- Designation of national authorities that control the import and export of chemicals (Article 18)

The following provisions of that Regulation shall apply:

– Designation of competent authority/ies

– Implementation of classification, labelling and packaging of substances

Timetable: those provisions of Regulation (EC) No 1272/2008 shall be implemented within 4 years of the entry into force of this Agreement.

– Implementation of classification, labelling and packaging of mixtures

Timetable: those provisions of Regulation (EC) No 1272/2008 shall be implemented within 7 years of the entry into force of this Agreement.
The Republic of Armenia undertakes to gradually approximate its legislation to the following legislation of the European Union within the stipulated timeframes.

The following provisions of that Directive shall apply:

– Adoption of national legislation and designation of competent authority/ies

– Establishment of a system for identifying relevant installations and for identifying greenhouse gases (Annexes I and II)

– Establishment of monitoring, reporting, verification and enforcement systems and public consultations procedures (Articles 14, 15, 16(1) and 17)

Timetable: those provisions of Directive 2003/87/EC shall be implemented within 8 years of the entry into force of this Agreement.

Timetable: the provisions of Regulation (EU) No 601/2012 shall be implemented within 8 years of the entry into force of this Agreement.

Timetable: the provisions of Regulation (EU) No 600/2012 shall be implemented within 8 years of the entry into force of this Agreement.

In the case of aviation activities and their emissions the implementation of the provisions of Directive 2003/87/EC, Regulation (EU) No 601/2012 and Regulation (EU) No 600/2012, as stipulated by this Agreement, are conditional on the outcome of the ICAO deliberations on a Global Market-Based Measure (MBM) Scheme.

Regulation (EU) No 525/2013 of the European Parliament and of the Council of 21 May 2013 on a mechanism for monitoring and reporting greenhouse gas emissions and for reporting other information at national and Union level relevant to climate change and repealing Decision No 280/2004/EC

The following provisions of that Regulation shall apply:

- Establishment of a national inventory system (Article 5)
- Establishment of a national system for policies and measures and projections (Article 12)

The following provisions of that Regulation shall apply:

- Adoption of national legislation and designation of competent authority/ies

- Ensuring a system for prevention of emissions (Article 3), establishing rules for leak checks in accordance with Article 4 and 5 and establishing a record keeping system in line with Article 6

- Ensuring that recovery is carried out under the rules foreseen under Articles 8 and 9

- Establishment/adaptation of national training and certification requirements for relevant personnel and companies (Article 10)

- Establishment of system for the labelling of products and equipment that contain, or whose functioning relies upon, fluorinated greenhouse gases (Article 12)

- Establishment of reporting systems for acquiring emission data from the relevant sectors (Articles 19 and 20)

- Establishment of enforcement system (Article 25)
Timetable: those provisions of Regulation (EU) No 517/2014 shall be implemented within 6 years of the entry into force of this Agreement.

The following provisions of that Regulation shall apply:

– Adoption of national legislation and designation of competent authority/ies

– Establishment of a ban on the production of controlled substances, except for specific uses and, until [1 January 2019], of hydrochlorofluorocarbons (HCFC) (Article 4)

– Definition of the conditions for the production, placing on the market and use of controlled substances for exempted uses (as feedstock, process agents, for essential laboratory and analytical uses, critical uses of halons) and individual derogations, including emergency uses of methyl bromide (Chapter III)

– Establishment of a licensing system for the import and export of controlled substances for exempted uses (Chapter IV) and reporting obligations for undertakings (Articles 26 and 27)

– Establishment of obligations to recover, recycle, reclaim and destruct used controlled substances (Article 22)

– Establishment of procedures for monitoring and inspecting leakages of controlled substances (Article 23)
Timetable: those provisions of Regulation (EC) No 1005/2009 shall be implemented within 6 years of the entry into force of this Agreement.

- Establishment of a ban on the placing on the market and use of controlled substances, except for reclaimed HCFC which might be used as refrigerant until 1 January 2030 (Articles 5 and 11)

Timetable: those provisions of Regulation (EC) No 1005/2009 shall be implemented by 1 January 2030.
The Republic of Armenia undertakes to gradually approximate its legislation to the following legislation of the European Union within the stipulated timeframes.

The following provisions of that Directive shall apply:

– Strengthen the independence and administrative capacity of the national regulator in the field of electronic communications

– Establish public consultation procedures for new regulatory measures

– Establish effective mechanisms for appeal against the decisions of the national regulator in the field of electronic communications

– Define the relevant product and service markets in the electronic communications sector that are susceptible to ex ante regulation and analyse those markets with a view to determining whether significant market power (SMP) exists on them
Timetable: those provisions of Directive 2002/21/EC shall be implemented within 5 years of the entry into force of this Agreement.

The following provisions of that Directive shall apply:

– Implement a regulation providing for general authorisations and restricting the need for individual licences to specific, duly justified cases

Timetable: the timeline for implementation will be decided by the Partnership Council after the entry into force of this Agreement.

Based on the market analysis carried out in accordance with Directive 2002/21/EC the National regulator in the field of electronic communications shall impose on operators found to have significant market power (SMP) on the relevant markets, appropriate regulatory obligations with regard to:

– Access to, and use of, specific network facilities
– Price controls on access and interconnection charges, including obligations for cost-orientation

– Transparency, non-discrimination and accounting separation

**Timetable:** those provisions of Directive 2002/19/EC shall be implemented within 5 years of the entry into force of this Agreement.

The following provisions of that Directive shall apply:

– Implement regulation on Universal Service obligations (USO), including the establishment of mechanisms for costing and financing

– Ensure the respect of users' interests and rights, in particular by introducing number portability and the single European Emergency Call number 112

**Timetable:** those provisions of Directive 2002/22/EC shall be implemented within 5 years of the entry into force of this Agreement.

The following provisions of that Directive shall apply:

- Implement regulation to ensure protection of fundamental rights and freedoms, and in particular the right to privacy, with respect to the processing of personal data in the electronic communication sector and ensure the free movement of such data and of electronic communication equipment and services

Timetable: those provisions of Directive 2002/58/EC shall be implemented within 5 years of the entry into force of this Agreement.

The following provisions of that Decision shall apply:

- Adopt policy and regulation ensuring the harmonised availability and efficient use of spectrum

Timetable: the measures resulting from the operation of Decision No 676/2002/EC shall be implemented within 5 years of the entry into force of this Agreement.

The following provisions of that Directive shall apply:

- To enhance development of e-commerce
- Removes barriers to the cross-border provision of information society services
- Provides legal security to providers of information society services and
- Harmonises limitations to liability of service providers acting as intermediaries when providing mere conduit, caching or hosting, stipulates no general obligation to monitor

Implementing acts related to trust services within Regulation (EU) No 910/2014:

- Commission Implementing Regulation (EU) 2015/806 of 22 May 2015 laying down specifications relating to the form of the EU trust mark for qualified trust services

- Commission Implementing Decision (EU) 2015/1506 of 8 September 2015 laying down specifications relating to formats of advanced electronic signatures and advanced seals to be recognised by public sector bodies pursuant to Articles 27(5) and 37(5) of Regulation (EU) No 910/2014 of the European Parliament and of the Council on electronic identification and trust services for electronic transactions in the internal market

- Commission Implementing Decision (EU) 2016/650 of 25 April 2016 laying down standards for the security assessment of qualified signature and seal creation devices pursuant to Articles 30(3) and 39(2) of Regulation (EU) No 910/2014 of the European Parliament and of the Council on electronic identification and trust services for electronic transactions in the internal market

Implementing acts related to the electronic identification chapter of the Regulation (EU) No 910/2014:

Timetable: the timeline for implementation will be decided by the Partnership Council after the entry into force of this Agreement.
The Republic of Armenia undertakes to gradually approximate its legislation to the following legislation of the European Union within the stipulated timeframes.

Council Directive 87/357/EEC of 25 June 1987 on the approximation of the laws of the Member States concerning products which, appearing to be other than they are, endanger the health or safety of consumers

**Timetable:** the provisions of Directive 87/357/EEC, including its implementing acts, shall be implemented within 8 years of the entry into force of this Agreement.

**Timetable:** the provisions of Directive 93/13/EEC, including its implementing acts, shall be implemented within 3 years of the entry into force of this Agreement.

**Timetable:** the provisions of Directive 98/6/EC, including its implementing acts, shall be implemented within 3 years of the entry into force of this Agreement.

Timetable: the provisions of Directive 1999/44/EC, including its implementing acts, shall be implemented within 3 years of the entry into force of this Agreement.

Timetable: the provisions of Directive 2001/95/EC, including its implementing acts, shall be implemented within 5 years of the entry into force of this Agreement.

Timetable: the provisions of Directive 2002/65/EC, including its implementing acts, shall be implemented within 3 years in the Republic of Armenia and 8 years cross-border of the entry into force of this Agreement.
